bookings**Quantity****Price****Amount**

-Please review the booking information below for accuracy and let us know of any questions, comments, or concerns. The use of classrooms must be in line with current Registrar and University event (link is external) policies for affiliates and students.

-Events must constitute official University activity, be sponsored by a department, or be organized by a recognized student group.

-Food, beverages, and alcohol are not permitted in classrooms.

-Any classroom reservation outside of building hours requires Public Safety.

-Currently all campus buildings are swipe access only. Any event with non-CUID guests must staff Public Safety.

-While there is no fee for academic or student use of classrooms, there is a fee for non-academic use (link is external). Depending on the needs of the event, there may be additional charges assessed by Columbia Facilities & Operations, or Columbia Public Safety.

-Use of classroom technology will still be provided by CUIT's Classroom and Desktop Technologies group.

-If the technical requirements of your event exceed the capacity of a room's installed technology, you can request additional audio-visual services by emailing technicalservices@columbia.edu.
